## LETTER OF RECOMMENDATION

### To whom it may concern,

I am pleased to write this letter of recommendation to **Abdisa Simie Alemu** who was my student in Wollo University, Electrical and Computer Engineering department.

As Abdisa's instructor, taught him, Data Structure and Algorithm (ECEG4171) and Data communication & computer Network (ECEG4191) as well as Thesis Examiner for his thesis work entitled "*Pharmacy Management System*", for this thesis work interestingly he completes the simulation. During his stay in our department, I witnessed that he is a hard worker and has team work ability and experience. He has great ability of problem solving and team coordinating.

He also scored the best achievement in CGPA in all the five years stay. His academic qualities, ability to work in team as well as his personality would enable to suitable for further studies/suitable job in any organization to which he will be attached.

I recommend **Abdisa Simie** for any position in his field or further education. I wish success in his future career. Please, do not hesitate to ask me if you have any query about **Abdisa Simie**.

With best regards,

## Letter of Recommendation

### It may whom it concerns

As the instructor of Wollo University Institute of Technology, School of Electrical and computer Engineering, I have the great pleasure to write this reference letter to ABDISA SIMIE ALEMU. I know his/her very well for the last five years. He/ She has been a tremendous student. I taught him/her different Engineering courses and I found him/her as the best Student and that he/she has a remarkable grasping power, analytical capabilities, and contributions in his/her field of study.

ABDISA is a very energetic young person with good professional capabilities. I am impressed by him/her wide range of expertise on different topics and enthusiasm for applying them to solving real-life problems, especially in the interest of his/her country's community. He/She has exhaustive knowledge of analytics of core and interdisciplinary Engineering and Informatics practices with exceptional practical exposure. He/She usually initiates new ideas and innovative things for his/her community.

He/She also has a cooperative and volunteer personality. ABDISA has excelled in several computer subjects like Computer Architecture, Selected Topics, and Technical Report Writing in Computer Engineering, he/she scored A grades for all courses I thought. I can mention more about him/her personality, and professionalism so I am quite sure; he/she will contribute a lot to his/her field of study if he/ she will be engaged in further study and research activities and the country at large by her professional capabilities. I strongly believe him/her for further study and research too.

I vehemently recommend her for any prestigious research/ fellowship and also wish him/her all the best of luck in future endeavors. If you have further queries or any clarification, I would be happy to provide such information in the future as well.

Regards,

## To Whom It May Concern

Subject: CERTIFYING ENGLISH LANGUAGE PROFICIENCY

This is to certify that Mr. Abdisa Simie has taken English Courses for at least Eight years as part of his elementary school curriculum. In his high school education, English was the medium of instruction for all the courses that he had taken. Similarly, he obtained his B.Sc. Degree from Wollo University in Electrical & Computer Engineering Where English is the medium of instruction. We are, therefore, confident that he shall not face any English language related problems in the course of his studies/duties and we wish him all the best in his future education/career.
